

# MIT Events for August

Hello Madrona!

We hope everyone is having a great summer. Preparations are underway for our return to school, and we need your help!

## Campus Cleanup: August 17th and 19th

While the school district gardening crew has spent many hours at Madrona, they do not have enough time to do all the work needed on our beautiful green campus. Come help pull weeds and do some minor pruning on Thursday, August 17th and Saturday, August 19th, 10am-2pm both days. Please sign up [here](#) so we know who is coming and can contact you if plans change.

## Outdoor Table Assembly

Dr. Castilleja has purchased several tables so our students can enjoy lunch outdoors in the Madrona Courtyard. He has already assembled three of the tables and says it's very easy. He needs help with the remaining tables on Saturday, August 19th. Please sign up [here](#). We'll contact you if this date changes.
