Lindsey Week 11-13 in March is Classified Staff Appreciation week. Teacher adopts a non-leacher staff to show them our appreciation. Molly: Will work with Shelsea to communicate well with teachers since there's a lot of new staff. SignUp Genius will be sent out soon. Shelsea: Most teachers are aware of this, but it can be pushed out to the school beforehand to give a heads up. Lynn Leigh Garden club: Taking over garden project from Malissa. The purpose is for the garden to be a collaborative effort between parents and children to learn about gardening. Edmonds in bloom has donated \$1,600 to help get supplies. With that donation a storage shed, gardening beds, and gardening supplies. A base is needed to put the shed on but once that happens the garden beads will be placed. Garden Club is asking MIT for \$500 to help cover the cost that will not be coved by the Edmonds in Bloom donation due to price changes from when the ask was made. Molly: Currently there is no line item in the budget this year but it can be added to the budget next year. Shelsea: Might still need to get approval for the shed since that might not be part of the proposal that was submitted. MIT will not consider this proposal at this time. Once the shed has been approved to be placed the request can be brought up again for consideration. STEAM night is coming up. Webpage is being worked on to get flyers. Have secured 8-9 vendors. Imagin museum is setting up about 10 stations, but they need parent volunteers to help them out. Beth: An hour is a long time can slots be broken up into 30 min segments. Some parents might be concerned that they will not have time to be with their kids at the event after volunteering. Shelsea: Has heard interest in middle schoolers wanting to
